## SPRING VALLEY QUIET

Sensational Stories From That Place Denied.

IT WAS NO WHOLESAL MASSACRE

But One Negro Shot and the Injury Is Only a Flesh Wound of No Serious Nature. The Blacks Are Still Out of the Place and the Mines Are Idle—Latest From the Scene of Trouble.

SPRING VALLEY, Ill., Aug. 7.—The situation is very quiet in the city. The negroes are making no efforts to come back. The reports about armed negroes coming from Peoria and Chicago to avenge Sunday's affair caused no unusual excitement here. They would not have only the Italian miners to deal with but every white miner in the city as well, numbering in the neighborhood of 2,000. Word was sent in from Ladd and Tolna yesterday promising the whites all the assistance necessary in case of an invasion of blacks from other towns. In case of an invasion 5,000 white miners could be mustered together in this city in less than two hours.

The whites of this city do not apprehend any danger in that direction. They do not express the least sorrow over the event of Sunday and invite a fair and impartial investigation. They claimed to have endured the outrages of the blacks as long as they could, and they are severe in their criticisms of the sensational tales told in several special dispatches to the morning dailies. A whole list of names have each day appeared as wounded and likely to die.

An Associated Press correspondent, who was on the ground and witnessed Sunday's battle from beginning to end, has succeeded in discovering but one negro shot and the injury is only a flesh wound of no serious nature. About 10 to 12 were assaulted with sticks or stones, but no attempts were made to kill. Had the mob been so disposed not one could have escaped. The prime object, as stated on the ground while the fighting was at its height, was to scare them into leaving and never come back again. The reports of a number of lying dead in the ravines is made of whole cloth and the names mentioned are fictitious.

A meeting of miners was held yesterday. Several papers were denounced for their highly colored and distorted stories. The news correspondent who was compelled to flee the town Monday has not returned. It was the middle class and business men who ordered him to leave, so enraged were they at his sensational reports.

Mayor Deamgo received an anonymous letter yesterday, postmarked Chicago, threatening to wipe him and the entire city out of existence if he did not use his position to get the blacks back in this city again.

Everything has gone along serenely since the negroes were driven out Sunday, but no doubt trouble will again break out if they make an attempt to come back. The Spring Valley Coal company have representatives at Seatonville, trying to persuade the blacks to return, but the latter are satisfied to keep away. The mines are still idle.

Governor Altgeld wired this to Mayor Deamgo yesterday: "Is there any danger of further trouble in your town. What steps have you taken to preserve order and to protect life and property? Answer."

The mayor telegraphed this answer: "In reply to yours, and in view of the exaggerated reports published concerning this trouble, we respectfully request you to send a representative here or do us the honor to come yourself and make a complete investigation. Every effort has been made by the municipal authorities of this city to protect life and property. No lives have been lost nor private property destroyed by mob violence. One Italian resident fatally injured by negro highwaymen. Everything quiet and newspaper reports exaggerated. Three negroes injured who refuse to vacate location and insisted on remaining. They are not seriously injured."

No Necessity For Troops.

SPRINGFIELD, Ill., Aug. 7.—Governor Altgeld decided late yesterday evening not to go to Spring Valley, but will send a member of his staff to look into the condition of affairs there. He is satisfied from the advice he has received that there is no necessity for the sending of troops. The sheriff of the county wired him that he could cope with any trouble that might arise, so far as present indications went, and if he found it getting beyond him, would advise the governor. The municipal authorities of Spring Valley have wired the governor denouncing the wildly exaggerated reports which have been sent out as to the extent of the trouble and urging that the governor either send a commission or come himself at once, saying they court the fullest investigation.

One Lawyer Horsewhips Another.

CLEVELAND, Aug. 7.—Henry Du Lawrence, an attorney, administered a severe horsewhipping yesterday to F. B. Calhoun, also a lawyer and notary public. The two men have been on bad terms for a long time and some remarks made by Calhoun in a justice's court trial concerning Du Lawrence started the trouble yesterday. Du Lawrence grabbed a riding whip and lashed Calhoun over the head and shoulders at least 25 times. A number of women witnessed the whipping and several of them fainted. Calhoun made no attempt to defend himself, though he is a much larger man than Du Lawrence.

## MINERS STRIKE.

Serious Trouble Feared in the Vicinity of Birmingham, Ala.

BIRMINGHAM, Aug. 7.—The deputy sheriffs have been sent to Ensley City, where 100 negro laborers employed by the Tennessee Coal and Iron company struck for an increase of wages. Convicts were put to work in their places and trouble is feared.

At the Brookside, Brazil and Cardiff mines of the Sloss Iron and Steel company 300 white miners struck yesterday for the reinstatement of some discharged committeemen who have been appointed at a miners' massmeeting to ask for certain changes in mine regulations.

## Miners Secede.

MASSILLON, O., Aug. 7.—Delegates, representing 1,700 Massillon district miners, met here yesterday. A general discussion took place about the doings of the National Miners' organization, and a motion to withdraw was unanimously carried. An independent organization was formed, retaining former district officers. The miners have long been dissatisfied with the officials of the United Mine Workers of America.

## MURPHY-SHELDON BOUT

Awarded to Murphy After Being Stopped by the Police.

LOUISVILLE, Aug. 7.—The Murphy-Sheldon bout was pulled off here last night at National park under the auspices of the Falls City Athletic club. Murphy weighed in at 111 1/2 pounds and Sheldon at 110 1/2 pounds. Mike Conley, the "Ithaca Giant," and Tom Lansing were in Murphy's corner, and William Commodore, Patsy Grubbs and Ben Brown were in Sheldon's corner.

Murphy made the pace very hot from the start and had everything his own way. The fight was to be 15 rounds for points. Billy Thompson announced beforehand that the police would stop the contest if it became brutal. The fight was stopped in the fifth round by the police and Referee Ahrens awarded it to Murphy, as he had his man all but out. Sheldon is deserving of a good deal of credit as he put up a good fight, but he was clearly outclassed.

## RIOT IN SHANTYTOWN.

A Lumber Company Having Trouble With a Band of Squatters.

MARINETTE, Wis., Aug. 7.—A riot broke out yesterday morning in Shantytown over the land which is claimed by the Menominee River Lumber company and over 200 squatters. The lumber company built a fence Monday night and yesterday morning 30 or 40 women attacked it with axes and tore it down. When another crew attempted to rebuild the fence the women chased them away with clubs, and John Lumberg, the foreman, was seriously hurt. Mike Carry, the superintendent of the company, attempted to start the fence building again and the women threw hot water on him. The men have decided to help the women fight it, and they now stand with sleeves rolled up ready to drive the first man off who trespasses on their alleged rights.

## RAVAGES OF YELLOW FEVER.

Rapidly Increasing in Texas and Throughout Cuba.

WASHINGTON, Aug. 7.—A telegram from Eagle Pass, Tex., to the surgeon general of the marine hospital service states that the smallpox cases among the returning negro colonists quarantined there have increased to 70, while there are now 335 negroes in camp.

Writing from Santiago de Cuba, under date of July 27, Consul Hyatt says that yellow fever is now epidemic in that city and throughout southern Cuba. "There had been 83 deaths on account of the fever in Santiago during the first half of July, and states that the disease has been much worse since. All unacclimated people who can get away are leaving. The fever has broken out among the iron miners."

## Sheriff Shot and Killed.

MEMPHIS, Aug. 7.—Deputy Sheriff Alfred Werner of Crittenden county, Ark., was shot and killed at daylight yesterday morning near Jones' Landing by a negro whose name has not yet been learned. Werner, who is a deputy sheriff, went to the negro's house with two other men to arrest him. The negro was lying in ambush nearby, and when the posse appeared he fired on them, killing Werner, and then fled to the swamp. A party of citizens are out hunting for him.

## Charges Against a Durant Juror.

SAN FRANCISCO, Aug. 7.—A strong protest will probably be made against Walter Brown, one of the accepted jurors in the case of Theodore Durant, owing to his jury record. In the first trial of M. Howell, charged with counterfeiting, it is said that Brown hung the jury and that his action in that case has been the subject of inquiry by the federal grand jury. No additional jurors were secured yesterday to try Durant.

## Missouri Democrats Want Free Silver.

PERTLE SPRINGS, Mo., Aug. 7.—Free silver has conquered in Missouri as it did in Illinois. Bland said in opening the convention that the Democrats of Missouri had assembled to adopt resolutions for the free coinage of silver. The resolutions' committee for free and unlimited coinage at 16 to 1, regardless of any foreign nation, was carried with a hurrah and expedition seldom seen in any convention.

MONTREAL, Aug. 7.—Three seamen of the steamship Bengorhead, Captain Brennan, were drowned here while going ashore without leave. They are Frank Stokes of Dublin, William Robinson of Shields, Thomas Monagle of Carrick Fergus, Ireland.

## MORE BLOODY STAINS

Further Examination of the 'Holmes' House of Horrors.

STRONG POINTS OF EVIDENCE.

Holmes Had Given Minnie Williams' Clothes to Mrs. Pietzel—Cora Quinlan, Daughter of the Janitor, Interviewed and Contradicts Some of Her Father's Statements—Investigations to Be Continued.

CHICAGO, Aug. 7.—Further examination of the room occupied by Mrs. Conner at Holmes' castle yesterday resulted in the finding of additional blood stains upon the floor. A strong microscope was used upon the stains by an expert, who said they were undoubtedly human blood.

One of the strongest points in the evidence accumulated against H. H. Holmes as the murderer of the Williams girls came to light yesterday. Mrs. B. F. Pietzel said Holmes had given her a number of dresses, two or three pair of shoes and one or two hats, which had belonged to Minnie Williams.

Mrs. Pietzel said that while she was in total ignorance of the fate of the girls at the time Holmes gave her the clothing, she now firmly believes he either gave the articles in the hope of diverting suspicion from himself in case they ever were found, or to save himself further trouble in hiding or burning up the effects of the dead girl.

Cora Quinlan, daughter of Pat Quinlan, janitor at the Holmes' "castle," was seen yesterday on a farm near Lakota, Mich. The girl, who is 11 years of age, told what she knows about Holmes and his affairs. She said she had seen Pearl Conner and Mrs. Conner, and her father told her that Holmes had said that Mrs. Conner had been married to a man who took her and Pearl to California.

She says that she met Miss Cigrand when she and her mother made a visit to Chicago in the summer of 1893. She saw Minnie Williams in May, 1893, when she moved to Chicago. According to Cora's recollection her father was in Texas a long while. She says that she thinks he was there about seven months.

Since the arrest last November, Pat Quinlan has communicated many times with Holmes' wife in Wilmette. Cora says that she and her father were out to Wilmette last East Sunday and on the Sunday just after the Fourth of July.

The girl says that she remembers her father often mentioning a man named "Mascot." This is the man whom Quinlan says he never met in Texas, but his daughter declares he often spoke of having met him.

The girl was asked if she remembered the big furnace in the basement of the building. She said her father had mentioned to her the glass bending concern run by Holmes. "It was not there," she said, "when I lived in the building, but he once pointed out to me the place to which it was moved. This I am quite sure is on the corner of Sixty-fifth and Sherman streets. The building was not there then, but if the furnace was in a cellar, perhaps it is in the ground yet."

The girl's statement explains some of the failure to find the furnace and was described by Chappell, the skeleton articulator and the police will now investigate the lot at Sixty-fifth and Sherman streets, where she declares the furnace was located.

## UNION VETERANS' UNION.

Tenth Annual Encampment Is Well Represented.

LIMA, O., Aug. 7.—At the 10th annual encampment of the Union Veterans' union yesterday, Commander-in-Chief Oaks read his annual address in which it was shown that 32 new unions had been added during the year. Kentucky and South Carolina being in the list. Over 1,100 recruits were received, while the loss by death and expulsion amounted to 700.

The resolutions adopted commend Public Printer Benedict for his favors to old soldiers deprecated the move to put the soldiers' homes in the hands of regular army officers, favored a monument to comrade Rutheford B. Hayes at Columbus, and urged that veterans, veterans' widows and children be given preference in appointments to national positions.

The city is gay with flags and banners and every effort being put forth to entertain the visitors. Ohio has the largest delegation, but nearly every eastern state is represented.

## COUNTERFEIT FIVE.

It Is on the First National Bank of Flint, Mich., Series of 1883.

WASHINGTON, Aug. 7.—The secret service has given warning of a new photographic counterfeit \$5 national bank note, First National bank of Flint, Mich., series of 1883.

This counterfeit, in every particular, is made like the counterfeit \$10 notes of the First National bank of Detroit. It is printed on two pieces of paper pasted together, between which silk threads have been placed in imitation of the distinctive paper used by the government.

The printing is so badly blurred and indistinct that discrepancies between it and the genuine can not be shown.

## Imitator of Holmes Will Hang.

FARGO, N. D., Aug. 7.—The jury in the trial of Myron R. Kent, charged with instigating the murder of his wife at Mandan in order to secure the \$50,000 insurance on her life, late last night brought in a verdict of guilty and fixed the penalty as death.

## CONDITION OF CROPS.

Weekly Report Made to the Weather Bureau at Washington.

WASHINGTON, Aug. 7.—The weekly crop report of the weather bureau says: The general outlook for an exceptionally fine corn crop continues flattering. Except in the Dakotas and Minnesota, where it is somewhat late, and in Indiana, where it is maturing slowly, the crop is generally in advance of the season, and early corn is now practically made over to the southern portion of the corn belt. Kansas and Missouri report much of the crop made, and in Missouri the largest corn crop ever raised in that state is promised.

Six hundred Iowa reports all counties being represented show the condition of corn as much above the average in 61 counties, above the average in eight counties, while 30 counties promise a crop below the average. In Nebraska corn is in excellent condition in the southwestern part of the state, and in the counties along the Missouri river, but has been much injured in the southeastern section, except in the river counties.

In Indiana while corn is maturing slowly it is in good condition. In Ohio the outlook is less favorable, being poor in uplands and on clay soils. Kentucky reports corn prospects unprecedented. No unfavorable reports respecting corn are received from the southern states except from portions of Texas and the Carolinas, where in some counties drought is proving injurious.

In Texas cotton is needing rain in uplands and over the southwestern portion of the state. North Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana report an improvement in cotton over the previous week, while the outlook in South Carolina is favorable. In Missouri there has been too much rain for cotton, and the crop is grassy and the outlook unfavorable in Arkansas.

Spring wheat harvest has begun in North Dakota and continues elsewhere in the spring wheat region.

Tobacco is in good condition in Virginia; is growing rapidly in Kentucky, and continues in excellent conditions in Maryland, but in Ohio it is not doing well.

Drouth continues in Ohio, Pennsylvania, southern Texas and in portions of Maryland and the Carolinas, where crops are being injuriously affected.

Light local frosts occurred in northern Indiana on July 30 and 31, and in western Maryland and the mountains of West Virginia on Aug. 1; no damage reported except slight injury to corn and buckwheat in Maryland.

## Held For Murder.

SAN FRANCISCO, Aug. 7.—C. B. Henderson, who stabbed and killed Clarence Barr in the Baldwin hotel about a month ago, was yesterday held for murder. The evidence at the preliminary examination showed that Henderson, after quarreling with Barr, laid in wait for him and stabbed him. Henderson says he is a traveling man for a Rochester (N. Y.) shoe house, but the police say they can prove that he is an ex-convict named Con Sullivan, and that he has a record for shooting and stabbing men. Thus far Henderson has brought no proof of his alleged respectable connections.

## Herders' War Imminent.

DOUGLASS, Wyo., Aug. 7.—The foreman of a herd of sheep owned by the Platte Valley Sheep company, reports that the masked men rode into camp Sunday night, held up the herders, saturated the wagon with coal oil and burned it. They shot a half dozen sheep and rode off, after telling the herders they would wipe out the entire flock if they did not get out of the park at once. The company has sent out arms and ammunition and say they will stand their ground. Bloodshed is likely to follow as the ranchmen claim the range in dispute.

## The President Avoids Display.

BUZZARD'S BAY, Mass., Aug. 7.—Ex-Governor Bullock of Georgia called at Gray Gables last night to make arrangements for starting the wheels at the Atlanta exposition, Sept. 18. The ex-governor, who is chairman of the committee on ceremonials and ceremonial days, tendered to the president the services of the Gate City guards as an honorary escort from Washington to Atlanta on Oct. 24 when the president and cabinet will visit the exposition. The president said his desire was to avoid any display and consequently felt compelled to decline this honor.

## State Question Raised.

PHOENIX, A. T., Aug. 7.—Gus Tribolet returned Tuesday from Mexico, bringing affidavits from a score of individuals to the effect that his brother Robert, who was shot by the Mexican authorities for complicity in the Nacari stage robbery, was not in the vicinity at the time and, moreover, was an American citizen. Documents will be sent to the state department and a claim for redress against his brother's slayers pressed.

## Gasoline Lets Loose.

PIQUA, O., Aug. 7.—A gasoline explosion occurred at the residence of Rev. Frank G. Mitchell, pastor of the Green street Methodist Episcopal church, while they were preparing for the family washing. Mrs. Mitchell was severely burned about the face and hands. Her clothing also caught fire, but was soon smothered. The house took fire and considerable damage was done before the flames were subdued.

## Texas Democrats.

FORT WORTH, Tex., Aug. 7.—The platform adopted by the Democratic state convention declares radically in favor of free coinage of silver at 16 to 1, and strongly condemns the financial policy of the administration.

## GLOOMY FOR SPAIN.

Her Soldiers Dying by the Hundreds in Cuba.

RAVAGES OF YELLOW FEVER.

Dysentery Carrying Off Lots of Campos' Men—The General Hastens to Havana and Telegraphs His Government to Prepare For Unfavorable Advances in the Near Future—Latest From Cuba.

NEW YORK, Aug. 7.—The World's special correspondence from Havana says: "I have learned that General Campos could muster only about 600 men on arriving at Bayamo out of the 1,500 that he claimed to have had at the fight at Peralejos. The only important Cuban leaders present were Rabi and Goulet, the Maceos being two days' march away at the time."

"I learn from a reliable source that General Garcia Navarro, who went from Santiago to Manzanillo with 1,500 men and joined General Lachambre, returned a few days later to Santiago minus 500 men. Most of them had died of disease, principally yellow fever and dysentery."

"General Campos was at Cienfuegos for several days, but he has now gone to Manzanillo, it is said. While at Cienfuegos he stuck close to the steamship Villaverde, being unwilling as he said, to come ashore and be fettered after his defeat. For the same reason he did not come to Havana. He looked worn and low spirited. It is understood that he has cable home advising the government to be prepared for important and unfavorable advances from here in the near future."

"You will perhaps not be surprised to hear that General Sacedah has been ordered back to Spain on 'sick leave.' But the real reason was his massacre of unarmed Cubans. Learning that 15 young Cubans had left Santiago to join the insurgents he had them intercepted and summarily shot. It is well known also that he executed Cuban prisoners."

"There are at least 18 Spanish generals on the island. This would seem to indicate that they have more than a few negroes or brigands to fight."

## Spanish Soldiers Dying of Yellow Fever.

TAMPA, Fla., Aug. 7.—A report received here from a perfectly reliable source states that of 300 Spanish soldiers sent to garrison the town of Santa Cruz, Cuba, 100 have died of yellow fever, and that their physician is among the dead. The fever is increasing rapidly among the Spanish soldiers, but every effort is being made by the military authorities to prevent the giving out of information concerning the ravages of the disease.

## Campos Hurries In.

HAVANA, Aug. 7.—Captain General Martinez de Campos arrived here unexpectedly at 1 o'clock this morning. It is reported here, unofficially, that Senor Menocal, engaged in the service of the rebels as military engineer, has been killed. He is said to have lost his life in an action near Guay Maro.

## Boats For Cuban Waters.

NEW YORK, Aug. 7.—Steam launches Shrewsbury and Navesink have been sold by their former owners, Roberts & Hoffman, of Red Bank, to the Spanish government. The boats are for use in Cuban waters. They were shipped for Havana yesterday.

## WINDSTORM AT BRAZIL.

Several Buildings Unroofed and Considerable Damage Reported.

BRAZIL, Ind., Aug. 7.—A heavy storm visited this city, doing much damage. Rather there were a series of storms. The first came from the northwest, followed immediately by one from the southwest, in its turn succeeded by one from the east, the three seeming to center over the business portion of the city. Trees and small buildings were blown down.

The roof of the west wing of the Crawford & McCrimmon machine shops was torn off, and the building was flooded with water. Shannon, Foster & Sawyer's brick block was severely damaged by the wind, which broke down the fire wall on the east side. The spire on the German Evangelical church was otherwise wrecked. The brick stables of John Daugherty also suffered much damage. The rain fell in torrents.

Reports from points throughout the county show that the storms did much damage to fences and small buildings and to the growing crops.

## A New Cause For Typhoid Fever.

ENGLISH, Ind., Aug. 7.—The typhoid fever, which was almost epidemic throughout the country during the past two years, has broken out again in all its vigor. The physicians are kept busily engaged day and night, and similar news reaches this city from all parts of the county. Farmers believe the fever is the result of commercial fertilizers, which have been used here during many years.

## Probably Pink-Eye.

BEDFORD, Ind., Aug. 7.—A disease has broken out among the cattle in the eastern part of this township, that has, as yet, not been named by the veterinarians. It attacks the eyes, finally resulting in total blindness. Henry Woolery, a stockman, has a number of cattle affected; also some of his neighbors.

## All Quiet in Jackson's Hole.

WASHINGTON, Aug. 7.—A dispatch from General Copping at Jackson's Hole says the Indian scouts can find no Indians and that all is quiet.

The terrible tragedy enacted at Versailles Monday grew out of a drunken debauch on the part of Lane, according to reports. The blood of two worthy citizens is on his hands. It looks like this is a case where the extreme penalty is demanded, and that speedily.

This is interesting gossip that comes from Cincinnati about numerous shining lights of Kentucky Republicanism, including Mr. Bradley himself, playing satellites to the Hon. Joseph Benson Foraker, and learning of him new tricks for dazzling and misleading the guileless Kentucky Democrats.—Courier Journal.

It's doubtful whether Foraker can teach Bradley any tricks. The Kentucky Republican Boss is probably after help of another sort.

RETURNS from the Democratic primary in Clark County Monday are interesting. For U. S. Senator Hon. James B. McCreary was the choice by 1498 majority over Hon. J. C. Blackburn. J. D. Wills was nominated for Representative by a majority of 42 over H. L. Stevens, James T. Ecton and J. A. Snowden. The out-and-out-silver candidate polled but 87 votes. Senator Blackburn and his friends might profit by a study of these figures. The Senator spoke in Winchester only a few days before the primary, and it is beginning to show up very clearly that Democrats don't endorse his wild tirades against the party any more than his free silver views.

### River News.

The City of Vevay broke a shaft at Crown City Monday and had to lay up for repairs.

The Ruth has returned to her former schedule and now passes down on Monday, Wednesday and Friday.

Pittsburg has been making war on the shanty-boats, and Monday Matt Cavanaugh, one of the owners, swore out an injunction restraining the city from interfering with his property. Twenty-six other boat owners sued the city for damages by wrecking their homes.

The big Joe B. Williams struck a rock at Brush Creek and knocked a hole in her hull. Her tow was washed on the rocks, but escaped without damage. The hole in the hull of the Williams was soon stopped up, but it was decided to lay the boat up until a rise made its appearance.

The new and clearly cut model of the Virginia as she stands majestically upon the ways in Fulton is a picture that delights the eye of the marine as he passes that busy mart, says the Enquirer. The cabin and texas of the beautiful vessel are being hurried to completion and the boat now shows what may be expected of a craft that promises to be the Queen of the Upper Ohio.

The Clara Cavatt is en route to Memphis with an immense steel transfer barge for Memphis and a government dredge boat. The latter is one of the most complete dredging machines ever built for river work, and is entirely of steel. It has on board a filtering apparatus capable of filtering over 100,000 gallons of water per hour. The boat will be propelled by a large hydraulic pump, and will be used in the Mississippi river between Cairo and Memphis.

### Valuable Real Estate.

The executors of the late Thomas Wells will offer some valuable real estate for sale Saturday, August 24th, at Helena Station on the K. C. railroad. There are seven tracts in all, including the depot, tobacco warehouse, scales, cattle pens, the homestead of Richard Wells, Sr., and the "Hord Farm" near Milwood. See advertisement for further particulars.

### A SINGULAR SPECTACLE.

A Farm Near Montpellier, Ind., Slowly Being Destroyed by Fire.

WABASH, Ind., Aug. 7.—A singular spectacle is presented on the Jesse H. Dowell homestead, near Montpellier, which attracts hundreds of visitors daily. It is the curiosity of a farm of 60 acres which literally is being destroyed by fire. Much of the land in the vicinity of the Dowell place is muck to a depth of 12 or 14 feet, the vegetation having accumulated and slowly decayed for many years.

The recent dry weather has made this peat as inflammable as tinder, and when fire reached a few days ago it ignited and has been burning slowly ever since. Altogether 60 acres have been burned over, 35 acres having been consumed, while 25 acres are yet burning. The flames do not break out from the soil, but the whole surface is covered with dense smoke, the ground at times assuming the dull red glow of burning brick. It is utterly impossible to extinguish the fire and the energies of the neighbors are directed to saving adjacent property.

The fire on the Dowell farm is more disastrous in a financial way than is popularly imagined. The 25 acres now being consumed is three feet lower in the center than it was when the flames began their ravages. The peat, or muck, dried out by the intense heat, will continue to burn until the water line is reached; the fire will then die out, and when the ashes which are left blow away there is nothing left but a large, dry pond as unproductive as an abandoned gravel pit. For the next two or three generations the land is worthless, and it acquires value only as the vegetable growth again collects and forms a new coat of soil. Mr. Dowell says he does not expect to see the day when the 60 acres which have been fire-swept will be worth a farthing to him.

Near the burning muck, separated only by a ditch, which workmen are now laboring industriously to widen, is a tract of 110 acres, an unbroken area of peat. Should this take fire from the land now burning it will be impossible to save any part of it, and 170 acres, altogether, of Mr. Dowell's land will have been consumed. A heavy rain would check the progress of the flames, but would not extinguish the blaze, and all depends upon the success of the efforts of the laborers to dig a ditch so broad that the sparks will not be carried into the new territory. The land, when not burned out, is as productive as any in Indiana, raising phenomenal crops of corn and never wearing out. In the present instance the fire started from a spark from a locomotive.

"NO SOCKS, NO RACES."

An Amusing Incident That Transpired at the Danville Fair Last Week.

[Cincinnati Enquirer.]  
DANVILLE, Ky., August 2.—There was a very amusing incident connected with the bicycle races at the fair here yesterday afternoon. The Board of Directors and the officers of the fair, especially the Secretary, Mr. Samuel Elijah Lyons, are strict church members and noted for their high morality. Nothing has ever been permitted to gain a foothold at any Danville fair that was in any way calculated to in the least taint the good morals of those who would attend. It has even been said that Secretary Lyons has several times opened board meetings with prayer.

When it reached the ears of the officers yesterday afternoon, therefore, that the wheelmen were to ride without stockings, actually without socks, and were to display their bare legs from the knees down to their thighs, there was a hasty summoning of Directors and a most solemn consideration of the report. Some one at the meeting suggested, after considerable time had been employed in speech making by indignant members, that the report must be false—that it was a cruel joke—and a committee was appointed to interview the wheelmen. It turned out to be true.

The meeting reconvened, resolutions were adopted, and another committee appointed to inform the wheelmen that, in substance, "no socks, no races." Secretary Lyons was so indignant over the affair that he could scarcely contain himself. Such a display of impudence and immodesty had never before been attempted at his fair. The wheelmen then held a meeting and resolved that the officers of the fair were going beyond their authority in the matter and rebelled. They went to the Directors' room with "no socks, no race," painted upon their banners. There was a joint conference. The officers labored with the stubborn wheelmen. The officers knew that a large percentage of the crowd had come miles to see the race, and they did not want to declare them off if it could be helped. They endeavored to convince the wheelmen of the fact that ladies would witness the races, and that such a display of hoseless manhood would be perfectly shocking. Everybody finally got mad, and the crowd dispersed, with the understanding that there would be no races.

The report gained circulation and there was great disappointment. Sock and anti-sock parties sprang into existence, and great was the indignation of the anti-sockites. There was no compromise upon the part of either officers or wheelmen. It was either socks or no socks. Finally, J. L. Frohman, the Assistant Secretary in charge of the bicycle department, began to pour oil upon the troubled waters. He is recently from Cincinnati. He argued with the officers that there could not possibly be any harm come from the sockless wheelmen, and that he had seen many worse things than that over the Rhine in his native land. The officers fell before his eloquence, and the races were declared a go. Secretary Lyons, however, never gave in, and says the Danville fair shall never have sockless races with his consent.

### KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

## THE KNOXVILLIANS CRAWFISHING.

Not Willing to Come Here But Will Play Maysville at Chattanooga. Ashland Defeated.

The Manager of the Maysville ball team is in receipt of a letter from Manager Moffett, of the Knoxville, in response to the challenge for a series of five games to be played on the Maysville grounds for \$500 a side.

Moffett manifests a decided disposition to stay away from Maysville. He comes back with the statement that his club will play Maysville for the sum named, provided the series is played at Chattanooga, Tenn. Of course, the Maysvilles are not going to Chattanooga.

Mr. Moffett ought to know that the games would not draw as well at Chattanooga or even at Cincinnati or Louisville as they would at Knoxville or Maysville; and as the Knoxville grounds are no good, Maysville is the proper place for the series.

The Maysville people are very anxious to witness a series of games between these teams, and Maysville would turn out as large a crowd as any city that could be named.

The BULLETIN is authorized to say that the Maysville club is ready to play the Knoxville team a series of five games for any sum from \$250 up to \$1,000, the series to be played on the Maysville grounds; and is ready to play the series with a double umpire, if that will suit Manager Moffett better, provided he will bring Mr. Denny, of Knoxville, for his umpire. The Maysvilles will guarantee to select for their umpire a gentleman who is as well posted in the game as Mr. Denny and who is also as fair and impartial.

Now let the Knoxville put up or shut up.

"Kid" Keenan was released by the Maysvilles yesterday.

The Manhattans, one of Cincinnati's strongest amateur teams, will be here next Tuesday for two games.

Heilman, Maysville's crack short stop, hurt one of his fingers in the game at Flemingsburg Monday, and will not play at Ashland or Vanceburg. He wants to get in good shape for the game with the Reds Friday, and show "Germany" Smith how to play short.

The Maysvilles defeated the Ashlands yesterday afternoon on the latter's grounds, the score standing 14 to 7. The boys wired that the umpire was "out of sight—nit." The News stated that Wellner and Hilleary would be in the points for Maysville and Kouns and Jones for Ashland. They play again to-day.

In the game at Flemingsburg Monday fifteen of the players were from Maysville, McGann, Rieman, Tenley, Keenan and Heilman, five of Maysville's best players, helping the Flemingsburgs out. Only three Flemingsburg players were in the game. In the face of these facts, it takes a super-abundance of gall for the newspaper boys up there to send out specials that the Flemingsburgs had downed "Maysville's crack team."

### When Traveling,

Whether on pleasure bent or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. MRS. FANNIE DAVIS ANDERSON, wife of Rev. J. G. Anderson, pastor of the Presbyterian Church of Millersburg, died Friday afternoon, after a lingering illness. She leaves six children. Mrs. Davis, the mother, and Miss Nora Anderson, a sister of the deceased, are at the residence of Rev. Anderson, both quite ill with flux, the malady that caused Mrs. Anderson's death.

SUMMER excursion business is phenomenal, says the Enquirer. Crowds of people were scrambling over each other Monday in the Big Four and C. H. and D. offices buying Niagara Falls excursion tickets. The C. H. and D. handled forty car-loads to Woodsdale Island on Sunday, and the Big Four carried 1,947 people to Johnson's Island and brought 1,963 into town on a one-dollar excursion from Indianapolis.

MR. PERRY JEFFERSON has purchased twenty-five acres of the Herbert farm, near Millersburg, at \$75 per acre.

THE marriage of Mr. C. B. Blake, Jr., of Gallipolis, O., and Miss Julia E. Myall of Mayslick, occurs to-day at Mayslick Christian Church.

REV. FRED D. HALE, the Owensboro Baptist minister, reconsidered the matter and will not remain at home to fight his enemies. He will sail for Europe Saturday, and attend to them when he returns.

Of the \$6,000,000 L. and N. bonds recently taken by a banking house in New York, it is stated that \$2,000,000 have been placed in Europe, and that the greater part of the remaining bonds will also be sold abroad.

PORTSMOUTH Times: "Mrs. Ike Levi entertained the Jewish young people very delightfully Sunday evening in honor of her guest, Arthur Price, of Cumberland, Md., and Ben Davis and Miss Clara Davis, of Maysville."

A report reached Maysville last evening that Mr. Geo. W. Rogers was shocked by lightning during a storm at Ashland yesterday at noon. He soon recovered, however, and saw the Maysville ball team give the Ashlands a heavy fall.

C. B. RYAN, of the C. and O., says that by the use of the New River smokeless coal on his line the trains run through tunnels with all the windows open, and that there is no inconvenience experienced on account of gas or smoke.

THE Lexington revenue district received \$120,000 worth of spirit stamps Monday, which indicates that considerable four-year-old whisky will be withdrawn from bond during the month. No other district in Kentucky received any spirit stamps Monday.

FIVE hundred yards of fancy silk at the Bee Hive at 69 cents a yard, former price \$1 and \$1.25. Zephyr gingham at 5 cents, chiffon crepes at 6½, and choice of 15 cent ducks and piques at only 9 cents. See advertisement and secure some of these great bargains.

IN the County Court this morning Messrs. Charles B. Pearce, Jr., and T. M. Pearce qualified as administrators of the late E. E. Pearce, Jr., with Messrs. James C. Pearce and E. L. Pearce as sureties. Messrs. Horatio Ficklin, John C. Lovel and C. C. Hopper were appointed appraisers.

AS usual the C. and O.'s through train movement in July makes an admirable showing for this popular route. The trains were late only three times in reaching Washington, fifteen minutes late twice and less than thirty minutes late once. They were late only three times in reaching Cincinnati.

I HAVE sold my entire stock of boots, shoes and rubbers to "The Progress" Shoe Company, of Cincinnati, who will open in a few days with a complete line of boots and shoes in my old stand. All persons owing me will please call and settle at once, as I desire to close up my business as soon as possible.

W. C. MINER.

PEOPLE who believe in the superstition connected with the number 13, are recalling the fact that at the institution of the lodge of Oddfellows at Helena a week or so ago, thirteen sat down at one of the supper tables. The late Charles P. Dieterich, whose death occurred yesterday, was one of the number. Helena is thirteen miles from Maysville and the lodge balloted for thirteen candidates that night.

## THE LATE CHARLES P. DIETERICH.

Arrangements For the Funeral—City Officials to Attend in a Body—Odd-fellows to Have Charge.

The arrangements have been completed for the funeral of the late Charles P. Dieterich. The services will be conducted at the family residence Thursday at 2 p. m. by the Rev. D. P. Holt, and at the conclusion of his remarks the Oddfellows will assume charge.

Friends who desire to take a last view of the remains can do so from 3 p. m. to-day until the hour of services. The casket will be permanently closed at the beginning of the funeral services to-morrow.

The following is the order of procession:

Police, mounted.  
Oddfellows.  
City Council.  
Minister and singers.  
Fall-bearers.  
Hearse.

After which will follow the carriages containing the family and friends.

The interment will take place on the family lot in the Maysville Cemetery, Messrs. Myall, Coughlin and Fitzhugh officiating.

### Notice to City Officials.

The members of the City Council, and all city officers, are requested to meet in the Council Chamber Thursday afternoon at 1:30 o'clock, to attend the funeral of C. P. Dieterich, late Councilman from the Sixth ward. Carriages have been provided for all who desire to attend.

WILLIAM H. COX, Mayor.

Maysville, Ky., August 7th, 1895.

### Funeral Notice.

Members of DeKalb Lodge No. 12, I. O. O. F., are requested to meet at their hall on Thursday, August 8th, at 1 o'clock (standard time) to attend the funeral of our deceased brother, Charles P. Dieterich, from his residence at 2 o'clock. All sister lodges are invited to attend.

### Shoe Factory Sale.

The entire outfit of the Maysville Shoe Manufacturing Company will be sold at public auction to-morrow at 2 p. m. on the premises. Here's a chance for some one with capital to invest it in a profitable business. The company was crowded with orders, when lack of capital forced it to assign.

LOUISVILLE and Nashville earnings for fourth week in July were \$543,150, against \$516,253 in 1894 and \$517,404 in 1893, an increase of \$26,897 and \$25,746 respectively. Earnings for July were \$1,664,125, against \$1,428,903 in 1894 and \$1,687,209 in 1893, an increase of \$235,222 over 1894 and a decrease of \$23,084 when compared with 1893.

THE Chesapeake and Ohio Company's excursion to Old Point Comfort on the 13th is scheduled to make faster time than any train has ever made between the points mentioned. The distance is 665 miles, and the train leaves Cincinnati at 2 p. m., two hours later than the F. F. V., and will reach Old Point only 20 minutes behind the crack regular train.

CYNTHIANA Democrat: "Miss Louella Fisher entertained charmingly Thursday evening in honor of her guests, the Misses Childs of Maysville. Dancing was indulged in until a late hour. A prize was offered for the most graceful waltzers. It was won by Mr. Trim Hedges and Miss Lida Childs. Delightful refreshments were served, and the evening was a most enjoyable one. There were twelve or more couples present."

### SENATOR BLACKBURN AT 'OLIVET.

His Abuse of the President and Secretary Carlisle Has Not Helped Him in That County.

"Senator J. C. S. Blackburn addressed a fair-sized audience at Mt. Olivet Monday afternoon," says the Courier-Journal correspondent. "His speech was of the sky-scraping sort and abounded more in pyrotechnic oratory than sound argument.

"He appealed to the prejudices of the people and quoted that old, stereotyped statement that it was the bankers, Wall street, etc., trying to oppress the workmen. The President and Secretary Carlisle, especially, came in for a share of his malignant abuse and denunciation. His free silver ideas certainly did not take root, as the people remembered the argument and the plain statement of facts as presented by Hon. Jas. B. McCreary several days ago.

"The Senator's speech has certainly done his candidate for the Legislature no good. Many Democrats, who were for him from a force of habit, state that they will have to repudiate him, inasmuch as he repudiates the Democratic principles and the Democratic party. His bitter arraignment of the Administration did not rest a bit well with the audience."

## COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

### PLUMVILLE.

Quite a number from this place attended the camp meeting at Ruggles' Sunday.

Mrs. Lewis Hotze and family and Miss A. R. Ring were the guests of the Misses Burtle one day last week.

Master George Whirlwind returned from Covington to attend the Ruggles camp meeting and also to visit relatives near Burtonville.

Miss Rena Mae Corryell has returned home after a ten days visit with her cousin, Miss Almee Ray, near Helena. She attended the tent meeting near Flemingsburg while absent.

J. F. Rice and family, of Melbourne, have returned home after a pleasant visit to their daughter, Mrs. Hart Martin. They also spent several days with her sister, Mrs. Steven Valentine.

Mrs. John Shafer and her two interesting little daughters, Theresa Margaret and Eloise, of Ripley, O., are visiting her mother, Mrs. Andrew Burtle, at the "Locust Grove Farm," and also relatives at Maysville.

A. L. Redman narrowly escaped with his life last Wednesday while he was finishing up a hemp-hook on an emery wheel that was running at full speed by an engine. The hook caught in a belt near by which broke the hook into pieces. Mr. Redman escaped with a cut on his arm.

### GERMANTOWN.

Mrs. Lou Dimmitt and Miss Hattie Erion are visiting in Paris.

The residence of Charles Rhodins was damaged by fire to the amount of \$30 last week.

The picnic given in honor of the former pupils of Mrs. Robinson's school in the beautiful grove of Henry Norris was a delightful gathering of young and married people. The lunch was elegant, such as the hands and good tastes of the ladies of that neighborhood know how to provide. We have never seen a collection of more handsome young ladies. Those from a distance whose beauty and grace assisted in making the occasion one of delight and long to be remembered. Present were Miss Carrie Riggs, of Richmond, Ky.; Miss Edna Hunter and sister, and Miss Bland, of Washington; Miss Anna Frazee, of Minerva; Miss Cox, of Louisville; Miss Norman, of Boone County, and Misses Frizzell and Berryman, of Dayton, Ohio.

### MT. CARMEL, FLEMING COUNTY.

L. T. Gaebke is in Cincinnati this week.

Dr. A. M. Wallingford is on the sick list.

Born, to the wife of G. T. Beckett, August 3rd, a girl.

The Misses Wilson of Maysville are visiting Miss Jessie Glasscock.

Mrs. Samuel Tully visited her father's family in Orangeburg Sunday.

Rain is badly needed here and unless we get it soon the corn crop will be cut short.

Mrs. E. W. Hoffman, of Crain's, Fleming County, visited relatives in Mt. Carmel last week.

Mrs. J. R. Davis, of near Maysville, is visiting relatives and friends in Fleming County this week.

Mr. W. B. O'Banion, who has been on the sick list for some weeks, is able to be out on the streets again.

Uncle Baldwin Foxworthy whose illness was reported last week is in a critical condition at this writing.

Carmel has been the dividing ridge between the Ruggles camp meeting and the tent meeting in Field's woods.

A game of base ball played between our Mt. Carmel boys and the Orangeburg team Saturday last was stopped at the last half of the ninth inning by the Orangeburg boys refusing to play the game to a finish; in consequence of which the umpire declared the game in favor of Mt. Carmel by a score of 9 to 0.

Mrs. Marcia Clark, of Wedonia, has secured a large class in music to be taught in the Christian Church at this place. Our people are to be congratulated on securing the services of Mrs. Clark, since she is unquestionably among the very best instructors in music. Her pupils never fail to make rapid progress and are always proud of their attainments. Mrs. Clark is a fine performer on the piano and organ and seems to have a special faculty for imparting her knowledge to her pupils.

## LOUISVILLE TOBACCO MARKET.

Prices Have Been Lower the Past Week, But No Good Reasons For the Decline.

Glover & Durrett, of the Louisville Tobacco Warehouse, furnishes the following:

Sales on our market for the week just closed amount to 3683 hhd., with receipts for the same period 2999 hhd. Sales on our market since January 1st amount to 121,007 hhd. Sales of the crop of 1894 on our market to this date amount to 121,054 hhd.

All grades considered, our market has been lower this week for burley tobacco than at any time during the year. The offerings of the week embraced 2584 hhd. of burley and the percentage of rejections was very large. There appears to be no very good reason for the heavy decline in prices for burley tobacco since the first of July as the stocks are not excessive and the crop on the hill smaller than last year in acreage. Yet it is an unfavorable fact to the holders of burley tobacco and it is with them as to whether or not they will accept the present range of values or curtail the offerings with the hope of better results. We find it necessary to lower quotations on several grades.

The following quotations fairly represent our market for burley tobacco, (1894) crop:

Trash (dark) or damaged tobacco.....	2 50@2 75
Common color trash.....	2 75@3 25
Medium to good color trash.....	3 50@4 00
Common lugs, not color.....	2 50@3 50
Common color lugs.....	4 00@4 50
Medium to good color lugs.....	5 50@6 00
Common to medium leaf.....	5 00@7 50
Medium to good leaf.....	7 50@12 00
Good to fine leaf.....	12 00@15 00

# CASTORIA

for Infants and Children.

## MOTHERS, Do You KNOW

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

## BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

## \$10.00 Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time. **WRITE FOR CONVINCING PROOFS**, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success.
